

## A Spacious Luxury HomeLift

The Stiltz Trio+ is a larger HomeLift designed to comfortably carry a full-sized wheelchair, or three people. The HomeLift's clear body helps it blend seamlessly into your home and the unique shape means the rails are discreetly recessed behind the slightly wider entrance/exit.

The Stiltz Trio+ has been designed to offer more space and luxury for homeowners who need a larger lift for their home.

The combination of style and practicality has been perfectly balanced with the Trio+. Due to its size and weight loading, the HomeLift can comfortably accommodate a full-sized wheelchair as well as carrying an extra person.

The gently-angled integral ramp and the wider entrance/exit space, helps make access very simple.

As with the entire Stiltz HomeLift range, the Trio+ HomeLift will install quickly without any need for load-bearing walls, travel quietly and use minimal power when moving between floors.

View the full Stiltz HomeLift range at your local Stiltz dealer, shown overleaf.

## A Compact and Luxurious HomeLift

The Stiltz Duo+ through-floor HomeLift is designed to make it easier for you to move around the house. Whether you're starting to find the stairs a bit much, or are planning ahead by future-proofing, you will find a Duo+ will fit discreetly into any home.

A Duo+ is elegantly curved and with its clear car body, it will perfectly compliment your style of décor. It's so versatile that it can be installed in the corner of a room, in a cupboard or in a stairwell void. Alternatively it can take pride of place in the centre of a room or entrance hallway.

We all need to do our bit for the environment, and a Stiltz HomeLift is no different. Each one of our models plugs into a standard mains socket and uses no more electricity than switching your toaster on!

Installation is simple – in most cases work is completed within a single day and once your HomeLift is fully working, our friendly installation engineers will guide you through the simple usage instructions.
